

DRAFT PROGRAM NORDIC CAMP

17-18 March 2018 at Trolleholm Castle, Sweden

We have the pleasure to invite you to this unique, all-inclusive event at Trolleholm Castle. You will meet the best Nordic cleantech start-ups as well as a selected group of international industrials and investors. Last years have proven Trolleholm a great fun and useful networking!

Expected participants are:

- The 25 finalists of the Nordic Cleantech Open
- Members of the Nordic Cleantech Open Jury
- Specifically invited investors

How to get there? Cleantech Scandinavia provides a bus transportation from and back to Lund Central Station.

Travel arrangements should be made by yourself to and from Lund, Sweden. The easiest way is to fly to Copenhagen airport and take the train over the bridge to Lund C. Please note that you have to buy your train ticket before entering the train, machines are in the terminal building. **Also bring valid identification as there are still passport/ID checks to enter Sweden by train.** We recommend that you come the night before, on the 16th, to be ready and on time for the bus that leaves on the morning of the 17th from Lund C at 9.00 sharp. We will then bring you back with the bus on the Sunday, arriving back in Lund C at around 13.00. We will stay at the castle between the 17th and the 18th, sharing rooms with other participants.

DRAFT PROGRAM

Friday 16 March
