CLEANTECH CAPITAL DAY

GOTHENBURG SWEDEN

JUNE 2ND & 3RD • 2026

About Cleantech Capital Day

In 2026, Cleantech Scandinavia marks 20 years since the first Cleantech Capital Day—and we are proud to once again bring together the Nordic and Baltic cleantech ecosystem with an international community of investors.

Cleantech Capital Day is where innovation meets the capital and partnerships needed to scale. The conference showcases leading cleantech startups and scaleups and connects them with investors from around the world.

Today, we see more cleantech innovation than ever before, alongside a growing number of companies successfully operating on a global stage. Much has changed over the past 20 years—and so has the journey from innovation to scale. Industry now plays an increasingly important role, not only as a source of innovation but as a key partner in scaling solutions. In the Nordics and Baltics, this often means industrial competitiveness and cleantech innovation developing hand in hand.

At the same time, many cleantech companies are taking on infrastructure-like characteristics, operating in capital-intensive, long-term markets. This has expanded the investor and partner landscape, bringing new forms of capital, expertise, and collaboration—and requiring new relationships across startups, industry, cities, and infrastructure investors.

This year's conference reflects that reality. Cleantech Capital Day 2026 brings together perspectives from **innovation, investment, industry, and infra-tech**. We look forward to welcoming you to Gothenburg!

Practical details

When: June 2–3, 2026

Where: Gothenburg, Sweden

**CLEANTECH
CAPITAL DAY**

Agenda Day 1

June 2nd Day Programme

FOR INNOVATORS

15⁰⁰-17⁰⁰ Workshop:
Entering German Cleantech Markets with:

FOR INVESTORS

10⁰⁰-12⁰⁰ Cleantech Tour:
Visiting handpicked cleantech scale-ups in Gothenburg

12⁰⁰-13³⁰ Investor Lunch

**14⁰⁰-17⁰⁰ Nordic
Cleantech Open Finals:**
Watch the top10 cleantech companies pitch

June 2nd Evening Programme

FOR ALL

17⁰⁰ Drinks & Mingle
Time for 1:1 meetings

19⁰⁰ Dinner
Featuring winner announcement of Nordic Cleantech Open

Agenda Day 2

June 3rd

Plenary Session

High-level insights into the current state of the cleantech sector where the scene for Europe's Clean Industrial Edge is set. Scale-up, industry, finance & government take the stage.

Open Roundtable Discussions:

An inner circle of invited experts discuss the theme & an outer circle listens and jumps in with questions:

Green Infratech

How cleantech companies, infrastructure capital & public actors can move into scalable, bankable deployment models together.

Flexibility Makers

Flexibility as both an energy system solution and an investment opportunity – and what it takes to scale it in practice.

Sustainability Beyond Climate

This session looks beyond carbon to explore how investment & innovation must evolve to address nature, land use, and planetary boundaries – while still enabling growth & innovation.

Bio-Innovation: From forests to fermentation

From forest-based value chains to fermentation and advanced bioengineering, bio-based solutions are opening up large, fast-growing markets.

Cleantech as the Next Generation Industry

This session explores how industrial competitiveness & cleantech innovation are evolving hand in hand. Industry is not only a source of scale, assets, & know-how, but a critical partner in taking new solutions from pilots to global markets.

Networking Lunch

Market Panels

10–15-minute discussions that provide insight into individual companies, their markets, traction, and potential. Each panel consists of one founder, an industrial partner or customer, an investor or other relevant expert.

Pitching Sessions

Nordic and Baltic startups pitch and an investor panel asks questions.

★ Time for 1:1 meetings all day. Possible to book through our event app Brella.
