

## RETHINKING THE POWER SUPPLY: CONVERT WASTE HEAT TO ELECTRICITY!

TEGnology has broken the barriers to wide-scale adoption of Thermal Energy Harvesting

Erik H. Stangerup

*Cleantech Capital Day, October 10th 2023*

### UNIQUE PATENTED IP

#### Zero CO<sub>2</sub> Footprint

100% sustainable materials

#### Ultra flexible

For easy customization to various environments, materials & applications

#### Ultra reliable

20+ years life cycle

### SUPERIOR TCO & ROI

#### Always On

24/7/365 Power Supply

#### Cost-effective Materials

Costs reduced by 95% vs. status quo

#### Zero Battery – Zero Maintenance

### € 30+ BILLION MARKET

- Industry 4.0
- Utilities
- IoT Sensors
- Smart Buildings
- Medical & Wearables

### INVEST IN TEGnology

**Currently raising € 3 million**
